

- **Event:** Inauguration of CS Association followed by a Workshop
- **Date:** March 11th, 2022
- **Venue:** New Seminar Hall

Key Figures:

1. **Inaugurator:** Dr. K.M Khaleel
2. **Chief Guest:** Shalu .P, Software Engineer at Aster Byte Software Systems Pvt Ltd

Highlights:

- The event was organized by the Department of Computer Science and marked the inauguration of the CS Association.
- Dr. K.M Khaleel, presumably a prominent figure within the department or the institution, inaugurated the CS Association, symbolizing the commencement of its activities.
- Following the inauguration, a workshop was conducted by the chief guest, Shalu .P, who is a software engineer at Aster Byte Software Systems Pvt Ltd. As a professional in the field, Shalu likely shared valuable insights, expertise, and practical knowledge relevant to the students' academic and professional development.
- The workshop would have provided attendees with hands-on experience, industry trends, and practical skills essential for their career advancement in the field of computer science.
- The event aimed to bridge the gap between academic learning and industry requirements, offering students a platform to interact with professionals and gain valuable insights into the real-world applications of computer science.
- Overall, the program served as an opportunity for students to enhance their understanding of the field and gain practical knowledge from industry experts, thereby enriching their academic journey and preparing them for future endeavors in the field of computer science.
